THREE POINTS

Features

01 High - Reach & Heavy - Duty

Long reach for high - altitude work, perfect for skyscraper and bridge projects.

Strong load - bearing system to handle heavy tools and materials.

02 User - Friendly Operation

Intuitive controls, easy for new operators with little training.

Simplified steps cut errors and boost efficiency.

03 Multi - Function Application

Interchangeable attachments turn it into a cargo hoist or facade cleaner.

Versatile functions serve various industries like logistics and construction.

04 All - Terrain Adaptability

Thanks to its crawler - type design, it can easily traverse rugged terrains and is unfazed by complex construction - site road conditions.

Maintains stability on soft or inclined surfaces, adapting well to various environments.

05 Compact and Maneuverable Design

With a compact size, it can access narrow alleys, small workshops, and other confined spaces.

Boasts excellent maneuverability, allowing for smooth turns and easy navigation in restricted areas.

Specification

Feature	*Details*
Rotation Range	*359/360 ° continuous rotation (optional)*
Platform Size	*Customizable (700/900/1100mm)*
Track	*Shock-absorbing tracks*
Control Mode	*Touchscreen up/down control*
Power Source (Optional)	*DC power, Diesel, or Gas (optional)； including dual - power. Diesel for forward motion, battery for lifting. A popular choice!*

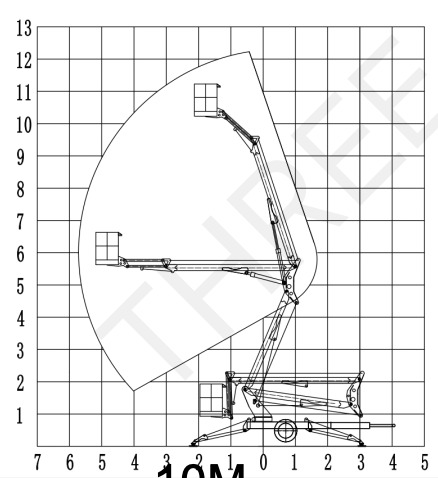

Feature	*Details*
Hydraulic Cylinder	*Japan NOK Sealing Ring*
Rotary Support	*Fully sealed, dust-free rotary*
Hydraulic System	*Solenoid valve, overflow valve, etc.*
Safety Valve	*Hydraulic cylinder protection*
High-Pressure Oil Pipe	*2SN10-53MPa, Hebei Ouya*

Feature	Details
Battery	200AH-12V x 6, Zibo Torch maintenance-free
Charger	DC-48V, Taiwan Longsheng (up to DC-96V for larger models)
Hydraulic Motor	BMR-160, Jining Lidon Hydraulic
Color	Orange or customizable

After - Sales Service

Responsive Service

Prompt response: 24-hour for general inquiries, 1-hour phone response for emergencies.

Warranty Clarity

We provide 10 years warranty for main structure, and 1 year warranty for parts, since the goods reach user's port.

Maintenance Support

Certified team, clear process, remote assistance for efficient fault repair.

Spare Parts Assurance

Ample stock of common parts, international - standard quality, custom - part availability.
